

# LONDON CAPITAL COMPUTER COLLEGE

## Professional Courses Training (for Corporates/Companies)

| Summary   | Who should Attend   | Duration   |
|---|---|--|
| <p>Training aimed at corporate employees or individuals interested in attending reliable fast track learning by choosing subjects/units suitable for their business, organisational and personal requirements. In today's fast moving and challenging environment, most of us would like to improve our educational credentials, but due to work, family or other commitments; cannot find the spare time, hence attending a 1, 2, 3 or 5 day training aligned/linked with other delegates from the actual industry; seem the <b>PERFECT</b> solution.</p> <p>Delegates choose Unit(s)/Subject(s) from the different qualifications listed (see attached list of London Capital Computer College Professional Courses).</p> | <ul style="list-style-type: none"> <li>Employees from different organisations; of different positions - from clerks to CEOs; depending on organisational role and responsibility requirements.</li> <li>Unemployed individuals seeking employment and need to get relevant knowledge; or qualified persons who have not used their knowledge for a while and want to "recap" and be up to scratch.</li> </ul> | <p>Depends on subject/unit; varies from 1, 2, 3 to 5 days.</p> |
