

## **LONDON CAPITAL COMPUTER COLLEGE**

## Diploma in Management (890) – Business Strategy

Prerequisites: Basic business knowledge.	Corequisites: Completion of Certificate in Business Studies or equivalence.			
<b>Aim:</b> Business strategy analyses where the business is trying to get to in the long-term; which markets should a business compete in and what kind of activities are involved in such markets; how the business can perform better than the competition in those markets; what resources (skills, assets,				
finance, relationships, technical competence, facilities) are required in order to be able to compete; what external, environmental factors affect the business' ability to compete; the values and expectations				
of those who have power in and around the business. The course examines global strategy issues, the forces that determine the international competitiveness of a firm and industry and develop a basic				
conceptual framework to formulate business strategy in a global setting.  Required Materials: Recommended Learning  Supplementary Materials: Lecture notes and				
Resources.	tutor extra reading recommendations.			
<b>Special Requirements:</b> The course requires a combination of lectures, demonstrations and discussions.				
Intended Learning Outcomes:	Assessment Criteria:
