All other countries, email us for local training partner and venue details

Learning Resources: Each delegate gets a study folder.

Special Requirement: The symbol (†) mean 100% use of computers

Qualification Attained: Internationally recognised London Capital Computer College *Certificate* (for delegates who register and attend individual subjects) and *Diploma* (for delegates who register and attend all subjects in a qualification). [See Registration form Terms and Conditions for more information]

Terms and Conditions: *See registration form*

* Discounted price: London Capital Computer College reserves the right to change/postpone training dates if there is not enough delegates for any subject. The quoted prices are discounted. Full prices per person are:

- **1 day course (£100 or US$200)**
- **2 day courses (£130 or US$260)**
- **3 day courses (£160 or US$320)**
- **5 day courses (£200 or US$400)**

If you do not want London Capital Computer College to postpone courses (if there are not enough delegates who registered), please pay the full prices. Full prices mean the training can run with a minimum of 1 or 2 people. Discounted prices require a minimum of 5 people for training to go ahead (else would be postponed to the next available date).
